ANNIKA

Sounding like the gotdamn Terminator.

Drew and Annika laugh as they sit in the living room drinking wine, while watching television.

ANNIKA (CONT'D)
You over there Catfishing?

Using a paring knife, Drew peels the skin off her apple with the focus and precision of a surgeon.

Annika pays her no mind as she uses the remote to flip through channels.

DREW

ANNIKA

ANNIKA

DREW

ANNIKA
