

Ruby (Paris's Best Friend / Leon's wife) - African American, Female 40's. Attractive, snobby, suburban housewife type. Pretends not to care about money, even though she has a lot. She's loved but neglected by her husband.

Ruby enters the room.

RUBY

Excuse me. Is this where the interviews are taking place?

It's confirmed. So Ruby takes a seat and crosses her legs.

RUBY (CONT'D)

So how can I help you today?

Ruby is told to tell about herself.

RUBY (CONT'D)

It's not really much to tell. I'm just the single mother of two.

Ruby is asked if she's married. She looks down, massaging the ring on her finger she looks back up.

RUBY (CONT'D)

I... I love my husband, but I'm alone. Sure I have a nice house a nice car and a tone of THINGS.

Ruby gets emotional and frustrated.

RUBY (CONT'D)

But I don't need things. I need the man I fell in love with. I need to be touched. I need help with my kids.

Ruby wipes her eyes and gets herself together.

RUBY (CONT'D)

All I want is my family. I'm trying to hold it together, but I don't know how much longer I can hold on.
